

Midwest Counterdrug Training Center & Scotts Bluff County Sheriff's Office
present:

Highway Drug Investigation for Patrol

05/14/2018 to 05/16/2018

Harms Advanced Technology Center
2620 College Park, Scottsbluff Nebraska

Course Description:

The primary purposes of Highway Drug Investigations are to detect, interdict, and disrupt the continual flow of illicit drugs on the nation's highways. It is where the struggle for superiority of the nation's highways takes place; a contest between uniformed police officers and the most prolific and dangerous illicit drug traffickers in the world (i.e., Transnational Drug Trafficking Organizations). Emphasis is placed on Mexican drug trafficking organizations, the smuggling routes, transportation corridors, and distribution networks in the United States. Confronting the threat to national security, highway drug interdiction operatives stand as the vanguard in the nation's second line of defense against those who would export illicit activity, lawlessness, violence, and corruption into the country.

Topics Included:

- Modus operandi of drug trafficking organizations
- Detection of drug-laden vehicles
- Weapons trafficking
- Vehicular contraband concealment
- Gathering of strategic drug intelligence
- Bulk currency seizures and investigations

- This 3 day (24hr) course is offered FREE OF CHARGE to Law Enforcement Officers and Prosecuting Attorneys.
- The training was made possible with the generous assistance of the Midwest Counterdrug Training Center (MCTC) and the Western Nebraska Community College (WNCC).
- Students attending are responsible for lodging and meals.
- For questions please contact Sgt. Mark Bliss via email at mbliss@scottsbluffcounty.org
