**RE: Appeal of Deputy Directors Decision: Todd Yost**

Dear Sheriff Quinn,

Following Nebraska Administrative Code Title 79, Chapter 13, I received your appeal on April 14, 2016 in the matter of Deputy Todd Yost being dismissed from reactivation training on March 25, 2016.

I reviewed your appeal of April 14, the appeal to Deputy Director Brenda Urbanek, her response, and other reports and correspondence in the file.

Your suggested course of action to have Deputy Yost retake the next available reactivation course along with paying the additional costs of the course is a workable solution and would free up a slot in our already oversold next basic class. Deputy Yost will need a waiver of the one year provisional appointment to cover the time between his one year anniversary of August 24, 2016 and the course completion date of September 19, 2016. The Council usually stipulates in any waiver that he would not be able to work as a law enforcement officer during that time.

Please write Kay Fielding, Secretary to the Council to request a waiver so that it can be placed on the Council agenda before July, 2016.

Sincerely,

William J. Muldoon, Director
