Sawbones: A Marital Tour of Misguided Medicine

Join Justin and Dr. Sydnee McElroy on a marital tour of misguided medicine as they discuss the weird, gross, and sometimes downright dangerous ways we tried to solve our medical woes through the ages.

Think Tactically & Stay Safe**

The Next Traffic Tuesdays National TSRP Webinar Series

Take a Breath & Reconstruct: Establishing Impairment with a Focus on Inhalants

Webinar: Tuesday, March 24th at 2pm (EST)

During this presentation we will analyze how DRE's can assemble a DWI case which is lacking the classical evidence normally associated with such a charge. Our journey will explore situations that may have minimal witnessed driving behavior and a scarcity of documented signs and symptoms. Specific focus will center on the unique challenges of inhalants and how to collect usable direct, and circumstantial evidence, to meet the Reasonable Degree of Certainty Standard in the Halls of Justice.
